

## **Cultural Equity in Maine**

Auburn Public Library: October 6

*Cultural Equity in Maine* is a meeting of leaders and key individuals from across the state and nation to discuss the dynamics of cultural equity and what it means in Maine. In a series of facilitated conversations and small group work, we will address questions including: How can we support a full creative life for all Maine citizens? What roles do we in the arts have in addressing issues of cultural equity? Attendees will help the Maine Arts Commission define cultural equity, what our gaps are, and what might be done to ensure cultural equity for all. **Limited Participation: FULL**
